BRIEF ABSTRACT OF LETTER.

Forwards a bill for Rs 1000 on account of the annual Contribution to the Institute for the year 1917-18.

NOTES AND ORDERS.

G.O. 3803-13 LB 123-11 dt 15.11.11

The period for which the grant was sanctioned viz 5 years expired with the year 1916-17. It is ascertained from the Comptrollers Office that the Contribution for 1916-17 has been paid The Director has now sent a bill for 1000 Rs – the increased rate

The Grant was hitherto met from Local Funds General which has been abolished
The Grant if continued has to be met from the medical Budget as per G.O № 6544-71/LB 103-16-1 dt 10.4.17 but no provision has on this account been made in the current years budget
The points for orders are
(1) Whether the continuance of the Grant at Rs 1000 per annum for a further period of 5 years be sanctioned though a formal Communication has asking for it has not been received from the Director Pasteur Institute & the bill forwarded to the Comptroller for ~~audit~~ adjustment
(2) Whether the Senior Surgeon may be requested to suggest reappropriation of funds to meet the charge—

(5) In view of the fact that there is no other institution in Southern India to which cases bitten by rabid dogs could go for treatment from the Mysore State a continuance of the grant-in-aid seems to be justified.

(6) As regards the source for meeting the grant for the current year, there is no provision in the Medical Budget and I am unable to suggest a reappropriation.

(7) The grant was being made from the Local Fund General in previous years. It may perhaps be proportionately debited to the several District Boards which have received the benefit of the balances at the credit of the Local Funds Genl., or met from the budget of the Sanitary Department to which previous orders on the subject were communicated.

To

The Diwan of Mysore,

SIR,

I am desired by my Committee to inform you that when this Institute was opened in 1907, the Mysore State agreed to contribute Rs.500 per annum for five years to its maintenance, a sum which was increased to Rs.1,000 in 1912-13. The number of patients coming here for treatment from Mysore State is rapidly increasing, as shown below,

1914	173
1915	196
1916	277

and this year there will be a further large increase.

Six of the quarters provided for indigent patients while under treatment are now in constant occupation by Mysoreans and it has become necessary to build without delay additional quarters. Each group of six quarters for indigent patients costs at the present time about Rs.3,400.

Hyderabad State which sends fewer patients than Mysore, contributes Rs.2,000 annually; Ceylon which sends fewer contributes Rs.1,650 annually; Bombay Presidency which likewise sends fewer contributes Rs.2,900.

Under these circumstances my Committee feel that

they are justified in asking that you will be so kind as to suggest to the Government of Mysore that an increase in their annual subscription would be most acceptable and would contribute to the comfort and well being of indigent patients sent from Mysore for treatment.
